

**Parent Evaluation of Play Day experience**  
Autumn 2017

1. Did you enjoy sharing your child's assembly today?

100% replied Yes

2. Comments

It was so lovely to see our child in their classroom environment and how they've settled in. We were pleased to see how much they are learning already as well as thoroughly enjoying themselves.

It was lovely to be able to see the children to watch them following instructions and interacting together

My child loves to sing at home and plays 'registers' so now I can see where she does this and can talk about it with her at home

3. What else would you like to see?

We would love to come again, a lovely experience
