

Parental Evaluation of School Reports

Date: 23.07.18

1. Did the report give you appropriate information on the progress and achievements your child has made over this academic year? Yes 100%

Comment:

Very comprehensive and captured our child's progress very well

Thank you for the helpful feedback – much appreciated

Lovely report – thank you

Lovely to have detail of what my child has done throughout the year. Each comment was personal and we very much enjoyed reading it – thank you

Thank you for remembering the personal things

It was clear that the teaching staff had a very clear understanding of my child

We've seen our child flourish this year and getting the school's perspective is really helpful

Thank you for a wonderful first year

Thorough and detailed

Well laid out and easy to understand

Wasn't expecting so much detail, thank you for taking the time to write it especially the personal development paragraph

Would have been nice to see how they got on in their SATs test

The test is only a small part of the judgement on attainment given at the end of the year.

2. Did the reports give you appropriate information on future targets? Yes 100% No

Comment:

Teacher has always been honest about things to work on which we've appreciated

Helpful to see which specific areas still need work

My child appears to really enjoy school and has clearly made some good progress. She talks fondly of her close friends and teachers so we are delighted

My child has enjoyed her time at CVIS – this report is helpfully structured and clearly highlights future goals, thank you

Thank you for the time taken to do this

The report provided information for my child's progressions and improvements.

Advice/ideas were given for future goals and achievements

It was lovely to read additional information about my child's character and personality, thank you – made me cry! Very proud of this report and the time and care it took to complete

Please can we have any handwriting worksheets to support our child over the summer break if poss?

Yes

Even though it is not clear when the evaluation took place, therefore the targets have been set which have already been achieved
